For centuries the tombs of the Pharaohs were haunted by a deadly curse. And when two eminent archaeologists have died mysteriously, Judith Osmond was certain that it was the curse at work. Then, overnight, her life changed. There was an unexpected inheritance. Then Tybalt, a young archaeologist and the man she adored, asked her to marry him. But Tybalt planned a honeymoon amid the tombs of the Pharaohs, and suddenly it looked as if the curse of the kings had come to haunt Judith . . . The war is over. The curse is lifted. Malakai is gone. It's been two years since Ophelia has seen the boy she loves. When a treaty was signed ending the war and lifting the curse on Mystique Warriors, Malakai left to attempt the sacred ritual known as the Undertaking. He never returned, and the Undertaking was forbidden. Ophelia's world crumbled around her. Since then, she has pursued a fruitless search for answers. When the deadly curse resurfaces only on her, Ophelia finds solace in the idea that when she dies, she may finally be reunited with her lost love. Then, a messenger appears, telling her that she alone may be the one to save her people. With her closest friends by her side, Ophelia embarks on a race against death—one that will not only challenge her physically, but make her question the Mystique leaders, the Angels, and her belief in love. Read the new fantasy adventure inspired by Robin Hood from the author of *Steel and Fire*, *Empire of Talents*, and *the Fire Queen's Apprentice!* While hiking in a remote region of Siberia, two young brothers discovered a sanctuary hidden deep in a cave. Contained within the sanctuary was a graven image carved from black granite that of a great-horned beast. Lying atop an altar at the foot of the beast was an ancient leather-bound testament, which the brothers retrieved and brought back to the monastery, where they lived with their guardian-priest, Father Kirov. He had no idea what dark secrets it would unlock when its writings were translated, describing a covenant made between a young warrior king and the living beast who rose from the depths of hell.

Then Howard Carter found the greatest Egyptian treasure trove of all—the tomb of King Tut's mummy! But did the amazing treasure come with a deadly curse? When Adam and Eve ate from the Tree of Knowledge, they became like God and the angels, knowing good and evil. For that reason, they were cast out of the garden in Eden

and barred from having access to the Tree of Life, which would have provided them immortality. What would have happened to them if they had obeyed God and initially eaten from the Tree of Life? Obviously, they would no longer have been subject to death. Therefore, they would have been free from the curse surrounding the Tree of the Knowledge of Good and Evil. In fact, rather than being a deadly curse, it would have then resulted in a blessing. Jesus of Nazareth reopened the way to the Tree of Life for all mankind, but what happened to the evil tree in God's garden? ""Behold, I set before you this day a blessing and a curse; a blessing, if ye obey the commandments of the LORD your God, which I command you this day: and a curse, if ye will not obey the commandments of the LORD your God..." --Deuteronomy 11:26-28

Poppy's life had been a lie. Poppy Mathews thought she had it all—a handsome boyfriend, loving parents, and good grades at college. But when her boyfriend dumps her and she's attacked, and nearly killed, during a night out with her best friend, she learns her memories of the past five years aren't even real. She's fated to one of the Shadow Marked, those cursed with tattoo-like marks for every life they take. And he'll stop at nothing to get her back. Prince Thaniel is cursed. Thaniel Ashton-Dumont thought losing his fated was the worst thing that could happen. He was wrong. Besides triggering his curse, the fact that Poppy has no recollection of him, no memories of their time together, is the worst thing to happen. And as hard as he tries, he can't forget her. When Poppy's parents are taken by one of Thaniel's enemies, she's thrust into a new world where nothing is as it seems. She has five years of memories to reclaim—five years of herself to uncover. As she unravels the truth, she realizes there's more to her relationship with Thaniel than meets the eye. But being fated to an Ashton-Dumont can be deadly. Curse of Lies and Shadow is a fast-paced, fated love story. Readers who enjoy slow-burn romance, royalty, and morally grey characters will enjoy the first book in The Shadow Marked series. In 1920, a three-pronged Curse was unleashed upon America and the

world, effecting the most dramatic and destructive changes to man since the Garden of Eden. The author reveals the root of this curse lies in women, the black man, feminized men, the church, and is even rooted 3,726 years before in Abraham. Measures to reverse the curse are clearly laid out in this text. A troubled prince. A deadly curse. A mysterious cup. And the power to save or doom the kingdom. Of course things didn't go as planned at the Royal Games. When do things go as planned? Now Zora is on the run, and has to join a disgraced prince in order to retrieve a powerful magical artifact that might undo her valley's curse. For the first time in her life, she has real hope for her people. Problem is, for the second time in her life, she's falling for someone she shouldn't. Finding a hidden object is hard enough on its own, she could do without the heart palpitations and lack of air. And she could certainly focus better without the constant memory of his lips on hers, his arms around her... Gaah! See? How can she avoid pursuers and decipher enigmatic writings when her brain has been turned to mush? Painful, hopeless mush. But the real trouble is that there's more than one curse in the kingdom. And not enough objects or time to get rid of them all. The Curse and the Prince is book 2 in the series Kingdom of Curses and Shadows, an enemies-to-lovers or hate-to-love YA romantic fantasy for readers 15 and up who love witty banter, adventure, and magic. Happily ever after guaranteed! The histories of Old Earth record that in the Year of Our Lord 778, Charlemagne's rearguard under the command of Count Roland of the Breton March was ambushed and slain to a man. But Roland and his men were drawn through a magical gate, to a new and strange world of magic and deadly creatures. But the magic of this world carries a deadly curse, and the price for abusing its power is ruinous. This, then, is the story of the kingdom they built, and the knight who would decide its fate. Paranormal investigator hobbyist Robert Smith should have known better than to scoff at the notion of a deadly curse living in the keys of a beautiful antique piano. He should not have so quickly dismissed stories of a teenager's mysterious death being tied to it. And he certainly should not have let Nurse Lucy Williams, also his girlfriend, come into contact with the piano after Robert contracted an eerie skin condition upon exposure to it. But now it's too late. They both have the skin condition, plus the nightmarish visions which seem to accompany it. If that isn't confirmation enough that Robert and Lucy have been added to the queue of the curse's certain death march, they now see themselves as ghoulish corpses in any new photographs taken. Robert knows most curses leave a breadcrumb trail from their source, and this one is no exception. Unfortunately, the only available trail leads through the terrifying visions too physically stressful to stay engaged in. But that's exactly where Robert and Lucy must go if they are to

root out the curse from its origins before the sand in their own hourglasses runs out. 1887. The Golden Jubilee year of Queen Victoria. The British Empire is on its way to spanning almost a quarter of the Earth and controls almost a fifth of the world's population. The British Empire is the foremost world power. Britannia rules the waves... Returning home for Christmas after three years away on the China Station, HMS Britannia stops in Egypt. While enjoying the pleasures of Alexandria, a sailor of her company steals a figurine from a market stall and unwittingly invokes a damning and deadly curse, and releases into the world an insidious evil of almost limitless power. What has been done cannot be undone... "I can't believe I've been an Archaeologist all these years and all I have to show for the thirty plus years is a couple dinosaur bones. I feel I've been nothing, but a disgrace to all archaeologists abroad. When will my luck change?" said a sad Dr. Moreland. Sometimes when we are at our lowest points in life some kind of intervention steps in and our luck changes, and that's what is about to happen to Dr. Moreland the moment he pulls his revolver from his desk, and points the gun to his head. A young ambitious student of Dr. Moreland's said "Dr. Moreland! Dr. Moreland!" as he gasped for air. "What is it? Can't you see you interrupted me, I was about to end my worthless life, this better be good," explained Dr. Moreland in frustration. "You're not going to believe this, but a good friend of mine was on an expedition in Egypt and was told by some old man that said he can lead us to King Necron's tomb." "What do you need me for? There are many well qualified archaeologists that were more successful than I." "Why don't you go now and let me try again? Maybe this time I'll succeed," replied Dr. Moreland in a sad tone of voice. "Didn't you tell no matter me how frustrating it can be in this business to keep on trying because when you least expect it your luck can change in an instant?" explained the eager student. "Yes, I said

those words, but I only said it so you wouldn't end up like me old and broke with nothing to show for it," as the doctor laid his head down on his desk sobbing. "Dr. Moreland, don't destroy what you instilled in me. Wipe those tears dry, and let's get on the next plane to Egypt, and make history. I'll make a deal with you if I'm wrong I'll end my life as well. Come on! Come on! What do you say?" "Okay! Okay!" then the doctor placed his revolver in his suitcase for protection when he and his colleague arrived in Egypt. The doctor got on the phone and scheduled their flight to Egypt. The student helped Dr. Moreland in rounding up more students to help with the expedition. Later that afternoon, Dr. Moreland and his team of wannabe archaeologists were on a plane heading towards the greatest find ever and a curse that would be unleashed when the tomb of King Necron was opened.
