Dynamics of Structures: Second Edition Nov 14 2019 This major textbook provides comprehensive coverage of the analytical tools required to determine the dynamic response of structures. The topics covered include: formulation of the equations of motion for single- as well as multi-degree-of-freedom discrete systems using the principles of both vector mechanics and analytical mechanics; free vibration response; determination of frequencies and mode shapes; forced vibration response to harmonic and general forcing functions; dynamic analysis of continuous systems; and wave propagation analysis. The key assets of the book include comprehensive coverage of both the traditional and

state-of-the-art numerical techniques of response analysis, such as the analysis by numerical integration of the equations of motion and analysis through frequency domain. The large number of illustrative examples and exercise problems are of great assistance in improving clarity and enhancing reader comprehension. The text aims to benefit students and engineers in the civil, mechanical and aerospace sectors.

Dr. Krishna Bista | Journal of International Students | 10th Anniversary Wishes and Notes Aug 16 2022 This 150-page book includes the wishes and notes received from more than 400 scholars from all over the world regarding the 10th anniversary of the Journal of International Student and Dr. Krishna Bista, the founding editor and his leadership in research and collaboration. "Congratulations on reaching this important ten-year milestone for the Journal of International Students. It has gone from strength to strength and I wish you and the journal the very best for the next ten years and beyond." -Elsbeth Jones, Series Editor, Internationalization in Higher Education (Routledge), Emerita Professor of the Internationalisation of Higher Education, Leeds Beckett University "Congratulations on 10 years of the Journal of International Students. As Founding Editor of the Journal of Studies in International Education, I sympathize with your great accomplishment to found your journal. There is nothing more challenging than that but also nothing more rewarding when it becomes a success.

And a success it has been, as in one decade you have been able to develop the journal into a leading impact journal with a global scope in content, authors and editorial support. For many years I felt lonely with my journal as the only one in the field, but your initiative has added a valuable addition and by that recognition of the field of internationalization. Many thanks and I am sure you will continue making a difference." Hans de Wit, Founding Editor Journal of Studies in International Education; Director, Center for International Higher Education at Boston College "Hearty Congratulations on achieving this significant milestone of 10 years of JIS! This Journal continues to make an impressive contribution to our field - thank you for your vision and hard work over this past decade in making this possible. Our field is so fortunate to have a visionary, dedicated scholar such as yourself! Warmest wishes on the next 10 and beyond! Happy 10th Anniversary!" Hiroshima Diary Jan 17 2020 The late Dr. Michihiko Hachiya was director of the Hiroshima Communications Hospital when the world's first atomic bomb was dropped on the city. Though his responsibilities in the appalling chaos of a devastated city were awesome, he found time to record the story daily, with compassion and tenderness. His compelling diary was originally published by the UNC Press in 1955, with the help of Dr. Warner Wells of the University of North Carolina at Chapel Hill, who was a surgical consultant to the Atomic Bomb Casualty Commission and who became a friend of Dr. Hachiya. In a new foreword, John Dower reflects on the enduring importance of the diary fifty years after the bombing.

Doctor on Lake Nyasa, Being the Journal and Letters of Dr. Wordsworth Poole, 1895-1897 May 01 2021

Baskerville Hall Feb 10 2022 You have seen the new

movie - now read the new Sherlock Holmes book. New insight in both Holmes and Dr. Watson is to be discovered in a book that places the reader in Baskervill Hall. From the previously unpublished journal of Dr. James Mortimer, readers gain a personal look at both familiar and unfamiliar cases. Sherlock Holmes never relaxes, but he comes nearest to do so in visits to Baskerville Hall. Colleague and friend Dr. Watson counted one another as close friends. Through Watson Sherlock Holmes becomes a frequent subject in Dr. Mortimer's journal. Journal entries run for forty-one years: 1887-1928. Much that has been written about Sherlock Holmes shall need deeper look and require more detection. Above all this revealing book is fun.

..... In this imaginary, chronological collection of private journal entries by Dr. James Mortimer, his colleagues and friends Sherlock Holmes and Dr. John Watson are brought to life once again. Picking up where Sir Arthur Conan Doyle left off in the classic Holmes adventure Hound of the Baskervilles, Dr. Mortimer's gift for captivating storytelling shines through as he vividly pens his recollections of a lively cast of characters that lived in his day including Sir Henry Baskerville and Reverend Warts. He recounts many memories of his times with the quirky pair including when he viewed a Sherlock Holmes case story before his friend Dr. Watson filed it away in his battered dispatch box and when Holmes systematically found the hidden headquarters of the "Napoleon of Crime." Dr. Mortimer follows Watson as he wags the astounding details of each Holmes adventure,

sharing the highlights of a truly remarkable duo, that together, were able to solve case after case with a creative prowess that no detective has been able to duplicate since.
